

April 9, 2024

Dear Sequoia Fund Shareholders:

For the first quarter of 2024, Sequoia Fund generated a total return of 10.00%<sup>1</sup> net of fees, versus 10.56% for the Standard and Poor's 500 Index.

There was little activity in the portfolio this past quarter save for trims in our holdings in SAP and to a lesser extent Taiwan Semiconductor and Capital One Financial. We discuss our portfolio in more detail in our Q1 video commentary, available shortly on our website.

\*\* It is the intention of Ruane Cunniff LP (the "Adviser") to ensure the Fund does not pay in excess of 1.00% in Net Annual Fund Operating Expenses. This reimbursement is a provision of the Adviser's investment advisory contract with the Fund and the reimbursement will be in effect only so long as that investment advisory contract is in effect. The expense ratio presented is from the Fund's prospectus dated May 1, 2023. For the year ended December 31, 2023, the Fund's annual operating expenses and investment advisory fee, net of such reimbursement, were 1.00% and 0.89%, respectively.

The Fund is non-diversified, meaning that it invests its assets in a smaller number of companies than many other funds. As a result, an investment in the Fund has the risk that changes in the value of a single security may have a significant effect, either negative or positive, on the Fund's net asset value per share. The S&P 500 Index is an unmanaged capitalization-weighted index of the common stocks of 500 major US corporations. The Index does not incur expenses. It is not possible to invest directly in the Index.
